

Mr Mark Millevoy
Construction Manager

Vopak Terminals Australia Pty Ltd (Site B)
Gate B47 – 20 Friendship Road
Port Botany NSW 2036

10/02/2020

Dear Mr Millevoy

**Vopak Bulk Liquids Facility – B4 (SSD 7000)
Construction Traffic Management Plan – Stage 1 (B4A)**

I refer to the Construction Traffic Management Plan (CTMP) submitted in accordance with Condition B18 of Schedule 2 of the consent for the Vopak Bulk Liquids Facility – B4 (SSD 7000). The Department notes this CTMP addresses the Stage 1 (B4A) works only, as per the Planning Secretary's approval of 4 October 2019 which permitted the staged submission of management plans. It is further noted you are seeking the Planning Secretary's approval to develop a separate works-specific CTMP that addresses the roadworks at Friendship Road/ Simblist Road (Condition B18(b)).

The Department agrees to the staged submission of the CTMP pursuant to Condition A9 on the understanding that no works will occur within the Friendship Road / Simblist Road intersection without an approved CTMP.

The Department acknowledges that several attempts have been made by Vopak to consult Transport for NSW (TfNSW, formerly Roads and Maritime Services) as required by Condition B18, however, TfNSW has not provided a response. The Department is satisfied the requirement to consult has been fulfilled. You will need to consult further with TfNSW and other agencies as part of preparing the CTMP to cover the works under Condition B18(b).

The Department has carefully reviewed the management plan as submitted and is satisfied it adequately addresses the requirements of Conditions B18 and Condition C7 for the Stage 1 (B4A) works only (excluding the requirements of Condition B18(b)). As such, the following plan is approved:

- B4A Expansion Project Construction Traffic Management Plan, dated 22 January 2020, Revision 2.2 (Document No. 233771-HS-PL-00004)

Please ensure that the approved plan is placed on the project website at the earliest convenience.

Please be reminded you will need to submit a CTMP for the Stage 2 (B4B) works as well as the works described under Condition 18(b) at least one month prior to the commencement of those works.

If you wish to discuss the matter further, please contact David Koppers – Senior Environmental Planning Officer on 02 9373 2869 or David.koppers@planning.nsw.gov.au.

Yours sincerely
