

Improve your environment

Thailand

Project team

Martijn Schouten

Project goal

To increase children's self-awareness and empower them to improve their local environment.

Program

Thai Tank Terminal wants to empower children of 12 to 16 years old in the Map Ta Phut region in Thailand by engaging them in a competition in which the youngsters can submit their own proposals to improve their local environment.

Calendar

Unfortunately, the project had to be cancelled. The WeConnect team is looking at alternative projects.
